

Your BEC and Call – Quarterly Achieving Sustainability Together

February 2012: Issue 2.1

Show your love to OBEC this Valentine's Day!

1. Database Rebuilding
2. School Outreach
3. OBEC and the NCC
4. Upcoming Events

1. Database Rebuilding

We are currently in the process of rebuilding our database. If you have any suggestions for database additions please forward them to us. HYPERLINK "<http://obec-evbo.ca/bec-database/project-database>" [Learn more.](#)

2. School Outreach

On December 1st, Jim Birtch and Leanne Bing presented to Holy Trinity's environmental club. The students were interested in getting involved in environmental initiatives in their community as well as learning about the BEC. This served as an excellent practice run for the larger presentation and workshop for the grade sevens at All Saints High School January 31st.

3. OBEC and the NCC

Members of the OBEC Council have been exploring possibilities for collaboration and future possibilities with the National Capital Commission (NCC). Following a letter sent to the NCC's chairman in November 2011, a delegate of the NCC attended the January 2012 Council meeting to discuss current initiatives. Stay tuned to OBEC for more information!
